

Long Distance Trails Crew

Heading out to build the new Upper Nyack Trail on Hook Mountain

The New York-New Jersey Trail Conference's Long Distance Trails Crew (LDTCC) is an all-volunteer group of men and women dedicated to the construction and rehabilitation of the Appalachian Trail, NY Long Path, and other trails in NY & NJ, west of the Hudson River. The LDTCC repairs and relocates damaged trails and has a great time working as a team. Our experienced crew leaders are eager to teach people of all abilities the skills needed to build trails.

No experience necessary

Contact us today: crew@LongDistanceTrailsCrew.org

New York - New Jersey Trail Conference
Connecting People with Nature since 1921

We provide on-site training. Volunteers learn the basics of trail planning and construction, work site safety, material selection, movement and placement of rock, use of crushed stone and mineral soil, principals of drainage, and more.

You'll find us building trails every other weekend (Friday/Saturday/Sunday) from March thru December. Come out and join us, you'll be glad you did.
