Worker and Hours Calculation

- Workers = How many people volunteered (include yourself in this number) Example: If two friends joined you this number would be 3
- Worker Hours = Total hours volunteered by all workers (work hours include the time to hike to the worksite) Example: If you and your two friends all worked two hours: 3 people x 2 hours worked = 6 worker hours
- Travel Hours = Total roundtrip travel time to the parking area for all workers

 Example: If you and your two friends traveled 45 minutes roundtrip: 3 people x .75 hour = 2.25 travel hours
